# Feedback, Consultation and Next Steps

1. Gather feedback from EDGA Members
2. Further analysis of Tour Data
3. Produce EDGA Membership and Tour Strategy for 2026-2028
4. Tour Standards for 2026
5. Consultation with TDs
6. Consultation with EDGA Members

# Project A: EDGA Course Audit

Draft a process document that can be used to carry out an audit of disc golf courses in England and Wales for consideration and sign-off by the EDGA Board.

**Course Review & Assessment:** to rate courses suitability to host events, based on quality, challenge, and player experience.

- Evaluate tee pads, fairways, baskets, and course layouts for safety, quality, and playability.
- Assess facilities (e.g. parking, toilets/changing facilities, signage, catering/hospitality, accommodation) to ensure they meet event and player needs.
- Assess variety in course design, including use of different layouts to support range of skill levels/playing styles.
- Review course capacity to handle tournament play and general use (including warm up areas).

**Develop a set of criteria**, with a simple description for each one, that allows them to be scored against a system that can be used **to assess their suitability for casual play, club events, EDGA Tour Events, Majors, and European/international level events.**

Audit should include any recommendations or requirements (by category) to improve the course to the next level, with a potential action plan that can be shared with clubs/owners, event organisers, course designers, and governing bodies.

## Project B: UK & Ireland Disc Golf Map

**Joint project with Ireland and Scotland:** Build a google map with all the disc golf infrastructure in the UK and Ireland.

**(Overlay with events?).**

**Define the system for labelling disc golf facilities.** Courses, shops, clubs, practice baskets, putting leagues. Encourage community reviews and additions to the map e.g. of practice fields, “clubhouses” etc.

Create a registration process that delivers signage to **help people find the EDGA/SDGA/AIDG** for registered partners in the community, and promotes the use of the facilities in online reviews/tags etc.

Commercial director acts as agent for advertising partners products at other facilities etc.

Ask **each NGB to contribute some admin time** to gate-keep and monitor.
